

Headstock-Tailstock Positioners

▶▶ HTS series

Features

- All welded steel frame structure.
- For long weldments rotation.
- Capacities range from 500 to 20,000 kilograms.
- Machined "T" slots table with pilot and through hole.
- A. C. inverter drive for rotation.
- Forward-Stop-Reverse and variable speed control are standard.
- Totally gear-safe design.
- Maintenance-free grounding system.
- Optional adjustable table height to fit larger workpiece.

Dimensions

Specifications

Specification
